

# Technology Strategy & Transformation

*Every business is a technology business. If you want to help organisations leverage technology to drive business value, TS&T is for you!*

## What we do:

- ✓ We **co-create with clients to shape and operate technology** in a world of exponential change to generate business outcomes.
- ✓ We **advise organisations on technology leadership, strategy and transformation**, creating the bridge from business strategy into technology.
- ✓ We help our clients **lead and manage complex programmes and projects** to support them creating the future of work.
- ✓ We help our clients to **reinvent their ways of working in the age of digital** – better value sooner safer happier.

## What skills & backgrounds are we looking for?

- ✓ We want people from a range of backgrounds and expertise - **our different perspectives and experiences are what make us valuable to our clients.**
- ✓ We want people who are **passionate about technology** – not just the latest gadgets but emerging trends that have the potential to change the way we work, live and communicate.
- ✓ We often work with top level management, and rely on **being able to clearly communicate problems and resolutions.** This requires great interpersonal skills and the ability to thrive in collaborative environments.
- ✓ We want people who have **a sharp and analytical mind and a thirst for learning**, to come up with solutions that are **creative and ‘out-of-the-box’.**

I joined the TS&T team in the 2022 Graduate recruitment. The training, coaching, and development opportunities have been invaluable to my personal growth. There have been some steep learning curves but I am so grateful for everything I've learnt in the role and the support I have had from the TS&T team.

The people in TS&T are awesome. They made me feel welcome and helped me with the basics, and even encouraged me to run a training session. The project I worked on exceeded all expectations – I was treated as a valued contributor from day 1 and learned about interesting areas like cloud transformation.

I have loved that by joining Deloitte here in NZ, you join the global Deloitte network which gives you access to a plethora of content to learn the ropes and best practices. I have had exposure to the top-tier technology solutions that are changing the game for businesses, and that is a really exciting space to be in!
